MAJOR CHANGE REQUEST
SCHOOL OF BUSINESS

This form is for current undergraduate Storrs Business students requesting to change their major to a different Storrs Business major. Decisions will be based on several criteria including the applicant's academic record, courses completed, and space availability. Students requesting a major change should review the new plan of study with their advisor as soon as possible to review all requirements, prerequisites, course/semester schedules, and intended graduation date. If approved, you will see the change in your StudentAdmin account within 10 business days. If your request cannot be granted or there are any concerns, you may be contacted to discuss this decision via your UConn email address.

PLEASE NOTE:
- Changing your major may impact your eligibility for the New England Regional program and subsequently may impact your tuition. See www.nebhe.org for details.
- Students changing from the MEM (Management for Engineering and Manufacturing) major need to consider the Scholastic Standing Requirements (http://catalog.uconn.edu/208-2/#Sch) for the School of Business before submitting this form, to ensure all requirements are met. This is only an option for students who were admitted to UConn as a freshman MEM major.
- Students changing to the MEM (Management for Engineering and Manufacturing) major can only do so prior to the completion of the first semester. Submit the request through ppc.engr.uconn.edu, not using this form.
- **Students changing to the MEM (Management for Engineering and Manufacturing) major can only do so prior to the completion of the first semester.** Submittable request through ppc.engr.uconn.edu, not using this form.
- **Students changing from the MEM (Management for Engineering and Manufacturing) major need to consider the Scholastic Standing Requirements (http://catalog.uconn.edu/208-2/#Sch) for the School of Business before submitting this form, to ensure all requirements are met. This is only an option for students who were admitted to UConn as a freshman MEM major.
