### POLICIES

- Credits from internships cannot be used to satisfy requirements of the Business Fundamentals minor.
- Courses designed for students pursuing this minor can be found in the Business Administration (BADM) course description section of the Catalog.
- Students may earn only one minor in business disciplines. A student may earn a second minor if it is offered jointly by the School of Business and another School or College, and all coursework used to satisfy that second minor is from non-Business coursework. View the University Catalog for additional details and limitations.
- Non-Business majors may attempt no more than 18 credits (approximately 6 courses) of 3000/4000-level coursework offered by the School of Business, which includes work transferred in as equivalent to courses offered by the School of Business. View the University Catalog for additional details.
- Students may use the online permission number request form when unable to self-enroll in a course used for the minor, noting all pre-requisites must be met to be granted permission to take a course
- Unless a higher standard is noted in the description of a specific minor program, completion of a minor requires that a student earn a "C" (2.0) grade or better in each of the required courses for that minor.
