

Students are ultimately responsible for ensuring all degree requirements are met.

- Refer to the **Undergraduate Catalog** for course descriptions and details regarding all requirements, including alternate MATH and ECON selections. ([catalog.uconn.edu](http://catalog.uconn.edu))
- Refer to the **School of Business website** for recommendations, FAQs, and other helpful information. ([undergrad.business.uconn.edu/academics/gen-eds](http://undergrad.business.uconn.edu/academics/gen-eds))
- All students should regularly run their **Academic Requirements Report in StudentAdmin** to monitor progress towards degree requirements. Graduating students are encouraged to submit their **final plan of study through StudentAdmin** once they have completed registration for their final term, or within the first two weeks of their final term, to allow for time to make adjustments to their schedules if necessary. ### SAMPLE SEQUENCE FOR FIRST TWO YEARS

This includes some space for 3000-level Business courses that are open to Business students with sophomore standing (see page 2). Note that these courses are not necessarily required to be taken in the sophomore year to stay on track. Some 3000-level Business courses have multiple criticals as prerequisites, so if a student plans to take them in sophomore year, it will likely require an adjustment to the critical sequencing. Decisions to include these courses in a student's sophomore year should be made in consultation with an Academic Advisor.

<sup>1</sup>Students who place into ENGL 1003/1004 as a prerequisite for ENGL 1007/1010/1011 (based on UConn's Guided Placement Survey results, or standardized test scores: [placement.uconn.edu/english-placement](http://placement.uconn.edu/english-placement)) can use the ENGL 1003/1004 credits towards elective credits.

**Required Elective Courses:** A degree in business requires a minimum of 120 credits, including electives. At least 60 of the 120 credits must be from non-business subjects (gen-eds are included in the 60 non-business calculation). The typical Business student needs *approximately 30 elective credits*, and electives should be distributed throughout all terms. Common ways to earn electives include: taking non-required courses to improve specific skills or competencies, taking language courses, studying abroad, completing a minor in a non-Business or Business subject, completing a dual degree, and more.

**Scholastic Standing Requirement:** All students in the School of Business are held to Scholastic Standing Requirements as written in the Undergraduate Catalog, which outlines cumulative, term, and Business GPA requirements and requires all critical courses to be complete by the end of the student's fourth term.
