

UNDERGRADUATE MINOR IN FINANCIAL ANALYSIS

GROW YOUR FINANCIAL AND ANALYTIC SKILL SET

The Accounting Department, with its own AACSB accreditation, provides essential business skills to enrich your career. The Department’s minors are designed to expose students to a wide range of issues related to analyzing, interpreting, and communicating financial information to internal and external stakeholders.

The Financial Analysis Minor provides a way to add to your financial and analytical skill set and open new career opportunities. The minor is an excellent complement to nearly any major, business or non-business.

The Financial Analysis Minor, available in Storrs, builds on core accounting knowledge and provides additional coursework to prepare students to better understand business operations, the way information is reported to those in and outside the firm, and how information is used to estimate firm value .

Open to Business and non-Business students.
